

sTrades Ultimate Gold EA

Dashboard User Guide

1. Accessing the Dashboard

The sTrades Dashboard is your central hub for monitoring trades, analyzing performance, and managing your EA settings remotely.

- **URL:** ea.strades.ro
- **Username:** Your MT5 Account Number
- **Default Password:** 1234

IMPORTANT: Change your password after first login! Go to 'My Account' section to update it.

2. First Login Steps

1. Open ea.strades.ro in your browser
2. Enter your MT5 Account Number as username
3. Enter **1234** as your default password
4. Click 'Login' to access the dashboard
5. Navigate to 'My Account' → 'Change Password'
6. Set a secure password for future logins

3. Dashboard Navigation

The sidebar menu provides access to all dashboard sections:

Section	Description
Dashboard	Overview of account stats, balance, equity, profit/loss
Live Trades	Real-time view of open positions and recent trades
Analytics	Performance charts, win rates, profit analysis
AI Insights	AI-powered trading recommendations and analysis
Downloads	EA files, presets, and documentation
Chat	Community chat with other traders
Help	FAQ and troubleshooting guide
My Account	Profile settings and password change

4. Main Dashboard Features

Account Overview

- Current balance and equity displayed in real-time
- Daily profit/loss summary with percentage change
- Total trades count and win rate statistics
- Equity chart showing performance over time

Live Trades Section

- View all open positions with entry price, SL/TP levels
- Monitor floating profit/loss for each trade
- See timeframe, strategy, and confidence for each signal
- Track recent signals history with outcomes

Analytics Section

- Detailed performance charts (daily, weekly, monthly)
- Win rate breakdown by strategy and timeframe
- Maximum drawdown tracking
- Profit factor and expectancy calculations

5. Downloads Section

Access all EA files and documentation:

- **sTrades EA (.ex5)**: Main Expert Advisor file for MT5
- **Preset Files (.set)**: Risk profiles for different account sizes
- **Documentation (PDF)**: Installation guides and profile explanations

6. My Account Settings

Profile Management:

- View your account number and broker information
- Update your display name for community chat
- See member since date and last login time

Security Settings:

- Change password (highly recommended after first login)
- Default password is **1234** - change it immediately
- Use a strong password with at least 8 characters

7. EA Settings (Remote Configuration)

The dashboard allows remote configuration of your EA settings:

- Click 'My EA Settings' in the sidebar
- Access the full settings editor at settings.php
- Changes sync automatically with your running EA
- Modify risk parameters, trading hours, and strategies

8. Community Chat

Connect with other sTrades users:

- Share trading insights and strategies
- Get tips from experienced traders
- Admin announcements and updates
- Real-time messaging with online status

9. Troubleshooting

Issue	Solution
Can't login to dashboard	Use your MT5 Account Number as username and 1234 as default password
Data not showing	Ensure EA is running in MT5 with WebRequest enabled for the server IP
Forgot password	Click "Forgot Password?" on login page, use your license key to reset
Trades not syncing	Check internet connection in MT5, verify WebRequest URL is correct
Page not loading	Clear browser cache, try incognito mode, check internet connection
