

# sTrades Ultimate Gold EA

## Activation & Installation Guide

### 1. Purchase & Receive License Key

After completing your purchase, you will automatically receive your license key via email within minutes.

- Step 1: Go to [www.strades.ro](http://www.strades.ro) and select your plan
- Step 2: Complete secure payment via Stripe
- Step 3: Check your email for the license confirmation
- Step 4: Your key format: STRD-XXXX-XXXX-XXXX

**TIP:** Check spam folder if not received within 10 minutes.

### 2. Download the EA Files

The EA download is available only through the dashboard after verifying your license.

1. Go to [ea.strades.ro](http://ea.strades.ro)
2. Click 'Activate License' button
3. Enter your license key and click 'Verify License'
4. Download links appear after verification
5. Download sTrades\_Ultimate\_Gold\_EA.ex5

### 3. Configure MT5 for Web Requests

**■ IMPORTANT: This step is REQUIRED for cloud connection!**

The EA needs to communicate with our servers to validate your license and sync data:

1. In MT5, go to **Tools** → **Options**
2. Click the '**Expert Advisors**' tab
3. Check '**Allow WebRequest for listed URL**'
4. Click '**Add**' (or double-click in the URL list)
5. Enter exactly: **https://136.243.132.115**
6. Click **OK** to save

**Without this step, the EA cannot sync with cloud servers or validate your license!**

### 4. Install EA in MetaTrader 5

1. Open MetaTrader 5
2. Click **File** → **Open Data Folder**
3. Navigate to **MQL5** → **Experts**

4. Copy the **.ex5 file** into this folder
5. In MT5, right-click 'Expert Advisors' → **Refresh**
6. Open a **XAUUSD chart**
7. Drag the EA onto the chart

## 5. Activate Your License in the EA

1. In EA settings, find the 'LICENSE' section
2. Paste your key: STRD-XXXX-XXXX-XXXX
3. Go to 'Common' tab
4. Enable '**Allow Algo Trading**'
5. Click **OK**
6. Enable '**AutoTrading**' button in MT5 toolbar (must be green)
7. A smiley face on chart = successful activation

## 6. Access Your Dashboard

1. Go to [ea.strades.ro](https://ea.strades.ro)
2. **Username:** your MT5 Account Number
3. **Password:** 1234 (default for first login)
4. Explore all features: monitoring, remote control, AI insights

**IMPORTANT:** After first login, change your password from **My Account** section for security!

## 7. Choose Your Risk Profile

Profile	Risk	Target	Best For
Conservative	Low	5-10%	Safety first
Balanced	Medium	8-15%	Most traders
Aggressive	High	12-20%	Experienced

Download presets from Dashboard → Downloads

## 8. Troubleshooting

- **EA shows sad face:** Enable AutoTrading button in MT5 toolbar
- **License invalid:** Check full key with dashes (STRD-XXXX-XXXX-XXXX)
- **Cloud disconnected:** Verify WebRequest URL (<https://136.243.132.115>) is added
- **No trades:** Market closed, spread high, or DD limit reached
- **Can't login dashboard:** Use account number, password: 1234
